

Womanition[®] women in process

Review

Dorothy Briggs is an extraordinary woman with an unstoppable mission to market, mentor, promote, profile, collaborate and network with woman leaders, entrepreneurs and wanna-bees!

Dorothy has a keen ability to bring out the best of people's businesses to the forefront by building their confidence, products, lead generation, referrals and services through opportunities to be showcased in her Womanition Magazine or one of her many stages and events.

As a direct result to secure ways and means to promote her community of women entrepreneurs during the pandemic, Dorothy was head-hunted by Public Place Network (PPN) and ultimately TELUS Optic Plus TV with her on-line talk show THE BUZZ. This resulted in her launching her own channel, The Entrepreneur Network (aka) TEN TV.

What a privileged journey it's been having the opportunity to work and partner with Dorothy Briggs, the ultimate Queen Bee of business! Thank you, Dorothy!

After being a government employee for my first career, becoming an entrepreneur was both exciting and intimidating! Luckily, I met Dorothy Briggs and the Womanition members. Dorothy became my marketing expert and Womanition my source of education and clients: leading me to new heights in my business and the ability to give back to the community!

To have a vision of what you want to accomplish is the first step. To see a clear path to your result is something else. How do you do it? You don't know what you don't know! Being a protégé in the Womanition Mentorship Program has helped to guide me on the journey to my success.

They know, what I don't know, and I am very fortunate to be able to learn from them all.

Womanition is a place of connection, support and opportunity. I didn't know anyone in Edmonton when I became an entrepreneur; that all changed when I attended my first Womanition meeting. This is where I met people to work on my website, help create financial plans, promotional material etc. Friendships were formed and opportunities created. My business definitely thrived from being part of this amazing group. I was nominated for a superlative award, I am in the magazine which has brought me business and partnerships. This has happened over the past 6 years. It's serious, fun, educational and priceless.

My involvement with Womanition has been brief but regardless of the duration I have felt supported & welcomed as a female entrepreneur. Only after attending a few meetings, I've connected with some incredible ladies. These introductions are now developing into mutually beneficial partnerships.

I joined Womanition two years ago to enhance my skills and be able to connect with businesswoman and entrepreneurs like myself. I was nominated last year among my peers and what an honor that was. Being seen and valued for what I brought to the table and being seen by such a powerhouse of women was an incredible feeling. What would you do if you had a team like that behind you? knowing that you had a group of women committed to supporting you and helping you succeed. What I’ve learnt through all this is that we don’t have to be alone in our journeys. We can learn and grow together and support one another. It allows your journey to be much more fulfilling as you are constantly connecting and able to share and participate in more than one area of expertise. Womanition cultivates to a range of professionals and entrepreneurs and there is always something new to learn! It’s like hanging with your sisters and bouncing ideas off each other. Essentially, it’s just a safe place. It certainly has helped me grow and enhance my business and personal life in more ways than one! Thank you Womanition!

I have been a member of Womanition since 2008 (16 years) and Womanition was an integral part of the success of my business Caprice Consignment. By attending the networking luncheons and day-long Biz Brigades I developed relationships with many of the other Womanition members. Over time, they came to be regular customers and consignors at Caprice. As these women became frequent visitors to my store they also helped me grow my business through word of mouth recommendations. Dorothy Briggs has always been so supportive of the women in her organization and she gave me numerous opportunities to do Fashion shows at her events that I sincerely appreciated. I did try going to other networking groups over the years and never found I received reciprocal benefits as I did through Womanition. I personally feel that Dorothy Brigg's success has come from being and trust-worthy at all times and also from being our biggest supporters. She truly does everything she can to help those who support her. The Womanition community is very special and unlike other networking communities I've been a part of. There's a real sense of belonging and support. Over the years, Dorothy has given many, many add-on benefits to being a Womanition member. Offering free professional videos and being a part of her Ten TV program are just a few of them. I always knew if I had a challenge in my business or needed to find a professional to help me with my business such as a lawyer, accountant, or many other trades all I had to do was call Dorothy and she would give me a recommendation. Dorothy Briggs has very high standards so I knew if she recommended someone to paint my house, clean my house, do my book-keeping etc. it would be someone of high caliber. I have relied on Dorothy numerous times over the years for recommendations and she has never disappointed me. I've now retired from Caprice Consignment and I run a not-for-profit called The Sharing Closet Society of Alberta and I work with Mary Webber with Travel Girls On The Go. I met Mary through Womanition. All of my Board of Directors for The Sharing Closet except for one has come from women I've met and built relationships with through Womanition. I wish every woman starting out as an entrepreneur would join Womanition. Being a member of this organization is like having an extra tool belt at your disposal to use as needed.

I have just begun my journey with Womanition and already I have met some amazing people. I was introduced by a friend who nominated me for entrepreneur of the year, and I won. Such an honour! I am excited to see what the journey will bring.

Womanition changed my life. From day one (1 ½ yrs ago), I was warmly welcomed & encouraged, finding new friends & collaborators among all 4 networking groups of inspiring women. As the new owner & publisher of Dorothy's divorce magazine (& the multi-media business I'm building) I have numerous opportunities to connect experts with my audience. I was truly honored to be recognized for my efforts with a nomination in the SuPEARLative awards "Trail blazer" Category.

I have been participating with the Womanition group since September 2017. As a sole practitioner being able to build relationships with other women in business is a key part of growing a business. One of the performance metrics that I track is who my referral partner are and where they come from. Last year Womanition was in my monthly Top Three eight out of twelve months. I am grateful for all the friends and business contacts that I have made. Thank you, Dorothy, for all your work, it is appreciated so much.
